

DR.ABUHASAN SONAI ABDUL JABBAR SHEIKH

FTT

ASSISTANT PROFFESOR

E-mail : abuhasansheikh@gmail.com

Education:

Dr. Sheikh's educational journey is marked by a strong commitment to research and academic excellence. He earned his Ph.D. in Business Policy and Administration from the University of Mumbai in 2019, reflecting his dedication to the field. Additionally, he holds an NTA-UGC-NET qualification in Commerce obtained in 2019. Dr. Sheikh also pursued an M.Phil. in Commerce from Madurai Kamaraj University in 2009, further enhancing his research skills. His academic pursuits include an M.Com. in Costing from the University of Pune in 2005, an MBA with a specialization in Human Resource (HR) from Lovely Professional University in 2015, a B.COM. with a focus on Financial Accounting & Auditing from the University of Mumbai in 2003, and higher secondary and secondary education from Gnyan Dham English School (CBSE) in 2000 and 1998, respectively.

Experience:

Dr. Sheikh bring a wealth of over 18 years of extensive teaching experience to the role. Dr. His research interests in Business Policy and Administration revolve around the dynamic interplay between human resources and the growth and development of industrial sectors. Building on his thesis work, titled 'A Study of the Problems and Prospects of Human Resources and its Impact on the Development and Growth of Chemical Industries of Vapi Zone in Valsad District,' he is passionate about exploring the broader implications of effective human resource management strategies within various industrial contexts. Specifically, he aims to investigate how businesses can strategically leverage their human capital to drive sustainable growth, enhance competitiveness, and navigate the challenges presented by evolving market dynamics, technological advancements, and global economic shifts. Through empirical research and data-driven analysis, he seeks to contribute to the formulation of evidence-based policies and management practices that can optimize human resources management, foster organizational resilience, and ultimately shape the success trajectories of industries.

Expertise:

Dr. Sheikh's academic and research pursuits reflect a profound interest in Human Resources Management and Research Methods and Data Analysis. His dedication to advancing knowledge is evident through his active participation in international conferences and the publication of numerous research papers. These papers encompass a diverse range of topics, including the pivotal role of human resource management in enhancing organizational performance, the multifaceted issues and prospects of HR within the realm of chemical industries, the exploration of Corporate Social Responsibility (CSR), an exploration of credit risk management practices in the banking sector, a scrutiny of marketing practices among micro, small, and medium enterprises (MSMEs), and an in-depth examination of customer relationship management as a catalyst for business growth. These contributions have been presented and published in prestigious research journals and esteemed conferences, underscoring Dr. Sheikh's commitment to scholarly inquiry and dissemination of knowledge.

Teaching Philosophy:

Dr. Sheikh believes in fostering a dynamic and inclusive learning environment that emphasizes integrity, motivation, and sustainable development. His teaching approach combines practical knowledge with innovative strategies to engage and inspire students, aiming to enhance their academic and personal growth. As a dedicated educator, he prioritizes building trust and understanding with his students, supporting them in achieving their goals while contributing positively to the institution.
