## **Activity report**

## FIELD TRIP TO AMERICAN CENTER (13.09.2022)

American Center, Kolkata had organised a very useful programme for the students for spreading awareness regarding gender issues at their age. It was an interactive session where participants from our college took active role in communicating with the speaker and shared their views and experiences about this issue. The field trip turned out to be a successful venture.

Some glimpses of the event are as follows,
