Activity report

All the students of English Honours Semester IV had participated in this Group PPT presentation. They were guided to prepare the presentation and choose a research-worthy topic and suitable title for that by the teachers of the department. On the day of the Group PPT presentation (11.05.2023) they presented their PPT slides in front of the teachers of the department and had really shown smartness in terms of explaining their topics by the aids of both narration and media equipments. Some of the presentations were indeed brilliant; they had amazed the teachers by their sheer technical knowledge of computer usages and skill in delivering presentation. All of the participants were asked questions by the teachers of the department and their sincere research was reflected by the adequate answers received from them.

The key points of benefit from this endeavour are listed below,

1. It was a humble attempt from the Department of English, City College to provide to its students a basic knowledge and hands on experience in using ICT tools.
2. This would also intensify their appreciation of the texts from their own syllabus.
3. This would increase their public speaking abilities.
4. This would not only help them in increasing their confidence in the final examination, but also be of sincere help in their career advancements in future.

The department feels satisfied with its objective being successfully fulfilled. Some glimpses of the event are as follows,
