## **Activity report**

All the students of English Honours Semester VI had appeared with their research papers. They were guided to prepare the papers and choose a suitable title for that by their respective mentors. On the day of the Students' Seminar (10.05.2023) they presented their papers in front of the teachers of the department and had really shown signs of maturity as being the most senior students of the department. Some of the presentations were indeed brilliant; they had even surpassed the levels of under-graduate students. All of the participants were asked questions by the teachers of the department and their sincere research was reflected by the adequate answers received from them.

### **The key points of benefit from this endeavour are listed bellow,**

1. It was a humble attempt from the Department of English, City College to provide to its students a basic knowledge and hands on experience about research methodologies and paper presentation.
2. This would also intensify their appreciation of the texts from their own syllabus.
3. This would not only help them in increasing their confidence in the final examination, but also be of sincere help in their career advancements in future.

The department feels satisfied with its objective being successfully fulfilled.
