Sub: Your participation in our program dated 07.06.2021

Sir,

We extend our sincere thanks to you for offering to send student volunteers, led by two teachers, to a relief-distribution program of our Club conducted at Kankandighi, a very remote village in 24 Parganas (South). As already discussed with you, the dire condition of the local people, already distressed by loss of livelihood in Covid, is very pitiable after Cyclone Yash. The needs are huge, but our means are very limited. We have tried to help them a little by providing dry food rations, clothes, bedcovers, mosquito nets etc to more than 150 local people.

Since managing the crowd in such situation becomes very difficult, the presence of your students really helped us in conducting the programme smoothly. Your effort to make better citizens of the future in putting the reality before them is also laudable. Thanks are due also to their guardians as the Covid menace is still not over. I am sure they also empathized with the local people and felt that they spent a day in some worthwhile cause.

We sincerely look forward to similar future participation from your teachers and student volunteers.

Regards

Pameli Banerjee
