

## **Seminar Report: Departmental Seminar on Chemical Awareness**

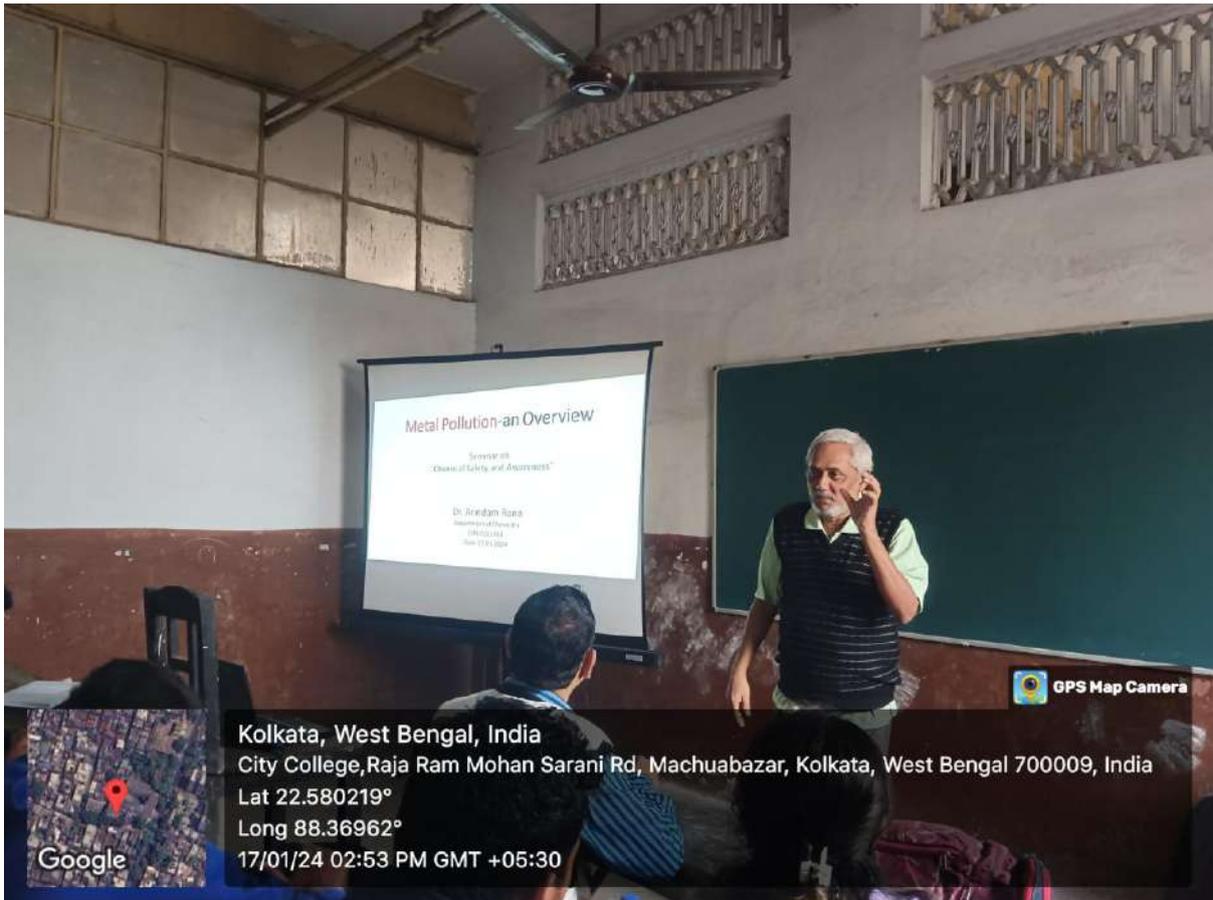

Date: 17.01.2024

Vaue: Dept. of Chemistry

Time: 12 noon onwards

The Department of Chemistry at City College organized a seminar on January 17, 2024, featuring talks by Dr. Biswajit Panda on "Persistent Organic Pollutants: An Overview" and Dr. Arindam Rana on "Metal Pollution: An Overview." Teachers and students from Semesters I, III, and V have attended this seminar. The seminar provided a comprehensive exploration of the environmental challenges posed by persistent organic pollutants and metal pollutants. Dr. Panda's presentation elucidated the nature and impacts of persistent organic pollutants, while Dr. Rana addressed the sources and consequences of metal pollution. The dynamic interaction between the speakers and students during the Q&A sessions reflected the audience's keen interest.
